REPORT
ON
CURRICULUM
2021-22**

Feedback Process

“The Quality is always the result of intelligent and continuous effort”. In that quote Internal Quality Assurance Cell (IQAC) is made a continuous effort to collect the feedback from all the stake holders in every year.

After the completion of the academic session 2021-22, a separate feedback was collected from all four stakeholders i.e. Students, Teachers, Alumni and Employers regarding curriculum. Feedback has been collected from the stake holders’ in order to understand, analyze and rectify the lag areas in the curriculum.

In general, positive feedback was received as all the stakeholders expressed their satisfaction with respect to the content and design of the curriculum. The relevant suggestions were listed out and these were discussed with the principal. Since our institution is affiliated to Rani Channamma University, Belagavi, we have to follow the syllabus designed by the university. So the listed suggestions from various stakeholders on curriculum revision were discussed with members of Board of Studies.

Mode of Collection:

From students, teachers, alumni & employers, curriculum feedback was collected in offline mode.

Students' Feedback:

The college is using the Students' feedback as a base to make improvements in the existing system after reviewing and analyzing it carefully.

The department-specific student's feedback on the curriculum was gathered.

Alumni Feedback:

Alumni are the best stakeholder for providing feedback regarding curriculum as they used to experience both the sides, i.e. theoretical knowledge and practical applicability. On the one hand, they have completed their curriculum, hence, closely familiar with all its aspects and can give honest opinion without any hesitation and on the other hand, they also experience its significance in the real world after completing the course. Keeping this point in mind, a separate questionnaire was used to collect feedback from alumni regarding curriculum.

There were 5 close ended questions on a rating of “Excellent”, “Very Good”, “Good”, and “satisfactory” in the questionnaire. Total 130 responses were received from different streams.
